People passing on Route 6, Mattapoisett will note that the front of the Mattapoisett Fire Station now welcomes our service men and women back from the Desert Storm campaign with a 3' x 20' banner. In the photo 5 mothers of people who served in the Gulf conflict await their return representing all of the many mothers and fathers of Mattapoisett service people.

7 Zoning Changes Approved

MATTAPOISETT SPECIAL TOWN MEETING
MARCH 26, 1991-by VIRGINIA MORGAN

It took three hours for 98 voters last Tuesday to consider nine zoning articles; seven of them passed. All articles required a 2/3 vote to change zoning laws.

Chairman William H. Matthews served as spokesperson for the planning board members at the March 26th Special Town Meeting at Old Rochester Regional High School Auditorium. Members present were Barry J. Denham and Arthur McLean; absent were Lawrence O'Pezio and Richard E. Chase. Mr. Matthews issued the board's thanks to Mr. O'Pezio for his many hours of volunteer help in preparing the by-law changes on his computer.

Moderator R. William Blasdale opened the meeting with a moment of silence for departed town meeting members. He noted the sound system was not working nor were there any lights on the stage. "Please bear with us", he said as he urged officials on the stage to speak up.

Article 1 passed 82 to 13 to create a Mattapoisett River Aquifer Protection District. Chairman Matthews said the last town Master Plan was presented to residents in 1965. At the 1988 annual town meeting the town

had no direction, and a Mattapoisett Growth Committee was formed with volunteers to identify major concerns of the town. In 1989 "we felt we needed professional help; Burk Ketcham and Associates gave us that help. Following public hearings and re-writing the by-laws, and receiving support from the board of selectmen, we feel the proposed by-laws are directed towards environmental concerns of the town."

Russell Chase, a builder and developer, spoke numerous times in asking for amendments to several articles and to clarify some of the proposed changes. The first amendment was passed to change the wording on the percentage of a lot that can be impervious, (capable of draining water) from 15 percent only to 15 percent or 3,000 square feet, whichever is greater.

Water/Sewer Superintendent William T. Nicholson replied to a question from a voter that the boundary of the Aquifer District is based on U.S.G.S. lines and covers Acushnet, Rochester and Fairhaven. "We can only enforce what's in Mattapoisett's portion of the aquifer."

Mr. Chase also objected to the proposed change in the by-law covering multi-family uses in the aquifer district to not exceed one dwelling unit per 40,000 square feet. The present law allows four dwellings in 40,000 square feet, Mr. Chase said. He withdrew his second amendment as Mr. Matthews said, "It makes no sense to keep this old law in an aquifer district as this area is unsewered."

A voter asked if there are laws now on the books to cover permitted uses such as outside storing of fertilizer and herbicides. Mr. Denham said, "No, there isn't. Currently, there is a cranberry bog 1,500 feet from the new well site with no control of pesticides on the area. This change says storage is not allowed outside without an impervious layer."

Peter Kortright, who was one of the original members of the Growth Management Committee, said "enforcement should be done at the local level for hazardous material. There are no state funds to enforce control. This is the more efficient way to go."

Article 2, Cluster Zoning, passed with only a few scattered votes in opposition.

Mr. Matthews explained, "There are many towns in the state now allowing cluster zoning; one of the more successful we have visited is in Falmouth." He explained cluster zoning permits maximum flexibility for developing land for single fmaily housing and to ensure preservation of open space on tracts of land consisting of 8 acres or more. A special permit is necessary and a public hearing shall be held, he noted.

An amendment was passed to include Water-Sewer Commissioners in the list of town boards and departments who will receive within five working days copies of the application to review. The other departments are the Board of Health, Conservation Commission and the Highway Surveyor.

Article 3, General Business District and Its Uses, passed. Another amendment recommended by Mr. Chase did not pass. He wanted to change the wording on density requirements on multi-family housing to make standards uniform with other district requirements.

Mr. Matthews noted "We do not want to use General Business Districts for residential housing. If we do we might have to start looking for a new general business district." As it was passed, the density of multi-family housing on Route 6 shall not exceed that of the nearest adjoining residential district except where units are sewered by public sewers.

Article 4, Pre-Existing Non-Conforming Structures-Lots and Uses, was passed.

Mr. Denham said this by-law will apply to all sections of town and not just summer property. The registered professional engineers' plans will go to the Board of Appeals. The by-law won't change those who would have to go to the appeals board but will make homes have adequate septic systems.

Mr. Chase commented the permit process could cost a person more than the cost of a small project, such as a solar window, plus months of delay.

said "many times we get notices after it's been submitted to the appeals board and then we do sometimes refuse the request. This by-law is a good way to go and will save time," Mr. Bowman said.

Mr. Denham explained this by-law is an offshoot of the summer property conversion first proposed at an earlier session. "Town Counsel advised us we were infringing on special homes. The reworked by-law addresses up front lot size to make sure it is adequate and that the sewer system is adequate", Mr. Denham said.

Article 5, Water Use District, failed 43 for and 41 against, needing a 2/3 vote to pass.

Mr. Matthews explained this by-law would provide municipal control of the use of coastal water areas, all salt or brackish water areas within limits of the town and seaward of the mean high water mark.

Michael Dahill, a member of the Harbor Advisory Committee, asked what does this by-law do that other state laws don't do? Mr. Denham asked Mr. Dahill, do you want someone operating a business in the harbor?

Because the Water Use District did not pass, Article 7 to amend the Zoning Map to include the Water Use District was indefinitely postponed. Also, Article 9 eliminated the

Water Use District class of districts in a new list of 10 classes of districts and two overlay districts (Aquifer Project District and Flood Plain District). Article 9 did pass with the remaining classes of districts in the list.

Article 6, Special Permit Guides, passed defining the application process and granting authority. Mr. Matthews said this by-law will enable more involvement from other boards and departments. The planning board shall notify within five working days the boards, agencies or officials as designated by rule or regulation. These boards may investigate the application and report to the granting authority within 30 days. Failure to report shall be interpreted as non-opposition to the application.

Article 8, Zoning By-Law Definition, was passed. It amended the by-law to include the planning board as a granting authority in addition to the board of appeals and the board of selectmen.

Mr. Matthews said the planning board was made a granting authority by the previous passage of the Cluster Zoning By-Law.

Before the meeting adjourned Moderator Blasdale announced public recognition of Charles A. Morgan, retiring after six years as Water Sewer/Commissioner, and to Bernard F.Talty as Selectman after three years.

Following the meeting, Planning Board Chairman Matthews said, "We are very pleased with the way the meeting went. We want to express our appreciation for those who attended the meeting to go through the democratic process. These by-law changes have been three years in the works, and we feel we've tackled a large portion of them in a major step for the town."

On the failure of the by-law to have a Water Use District, Mr. Matthews said, "This was far out thinking in theory, but the town has nothing on the books that would prevent certain operations in the coastal waters off any part of Mattapoisett. This is after the fact, but I heard that an operation doing boat repair on a barge off the coast of Edgartown could not be stopped because there was no law on the books to prevent it. We should consider this amendment to the zoning by-law again in the future", Mr. Matthews added.

In our system it is not unusual to seek to vanquish the competition. We are pleased when we gain an advantage. There are many around us who gloat over scandals in churches, pointing to the weakness and corruption of institutions that preach morality. Also, we have celebrated the decline of competitive social and economic systems, most notable communism. Yet, in our human fashion, do we need other systems of living and believing in order to continually re-evaluate who we are? Does General Motors need Toyota?

The title of the sermon on Sunday, April 7th, at the Mattapoisett Congregational Church will be "On Whose Grave Shall WE Dance?" Please join us at our worship service which begins at 10:00 a.m.

The portables provide us with 2 rooms; this means we can function as a drop-in center and have special programs going on at the same time. You are always welcome at the center during operation hours; you can participate in a program of activity, or just come to watch it, or relax in the other space with a cup of coffee, join in a card game, or a lively conversation. Because there is a program going on does not mean the center is closed to other activity.

The COA hopes you, the seniors of Rochester, will take full advantage of the new center. It cannot succeed without your input and participation. The COA office will remain at Town Hall and the Elderly Nutrition Luncheon Program will continue at the Congregational Church Vestry on Tuesdays and Thursdays.

The senior center hours are: Monday through Thursday, 10 a.m. to 3 p.m.

MATINEE MOVIE

"Ghost" will be the matinee movie at the new Rochester Senior Center on Thursday, April 11th, at 1 p.m. "Ghost" stars Patrick Swaze, Demi Moore and winner of the Oscar for Best Supporting Actress Whoopie Goldberg. Ghost was nominated for 5 academy awards. Bring a seat cushion for more comfort.

UPCOMING EVENTS

Upcoming events at the Rochester Senior Center include a Vision Screening Clinic/ Glaucoma Testing from 1 to 3 p.m.; Joel Reisman, MD & Associates; call for an appointment, 763-8723; and a Craft Workshop, The Polish Art of Egg Painting, on April 23rd from 1 to 3 p.m.; cost $3.00. NORTH MEETS SOUTH

In this friendly encounter the winners were the students in Mrs. Blanchette's class. After having studied wet tropical forest regions, Scott Dawicki, a student in the class, invited his A.F.S. brother from Brazil to share some of his experiences with us. The charming and gracious Marcelo Oliveira addressed his concerns about the amount of logging going on along the Amazon River. The imbalance of nature is evidently something that most South Americans are worried about.

Marcelo Oliveira and Scott Dawicki

On the personal side Marcelo said he missed his family and the warm sunshine the most. Going through three winter seasons was not his favorite thing to do. To his dismay he won't see summer again until November.

Among his frustrations Marcelo lists learning the English language. Everything in his native language of Portuguese is spoken and written phonetically. He finds the silent

letters in our language a challenge.

Among the students' curiosities was how Brazilians dress. Marcelo responded that the clothes he was wearing - jeans, cotton top and sneakers - were clothes he brought with him. He noted that clothing throughout the world was influenced by U.S. manufacturers. Native costumes were worn by his people for feasts and holiday occasions only.

Although he enjoys sports Marcelo finds it strange that we have a game named football. He asks, "Why would you call a game football when you run with the ball in your arms?" In Brazil they play the international sport of soccer.

If you ever get the privilege of meeting Marcelo please be sure you ask him about the pink dolphin. It's a folk tale that will delight your imagination.

ing. It was suggested that each student read an average of 30 minutes a day, 5 days a week. Class goals were set at 8,000 minutes for a half-way mark and 16,000 for the five-week period. Students' individual progress was charted with a self-decorated hot air balloon. Their balloons rose "above the clouds" as minutes of reading were tallied.

By the end of two weeks the half-way mark has been easily reached. In fact, instead of 8,000 minutes, the class had read almost 10,000 minutes and celebrated with a "Sundae Party". As the deadline approached, it became clear that the young readers were dedicated and determined to surpass their dreams. The class soared far beyond their goal. In only 4½ weeks they had read a total of 26,559 minutes. At the celebration party each student came dressed in a homemade costume which represented a favorite character. They received "Certificates of Merit in Reading" for their accomplishment.

From O.R.R.J.H.S.

It is with a great deal of pride that we announce the achievement of the Grade Seven Red Team students in the history classes of Mr. Steven Kocur, an exemplary, young instructor at the Old Rochester Regional Junior High School in Mattapoisett. In a recent letter to Superintendent of Schools Joan Walsh, Representative Gerry Studds congratulated Mr. Kocur and his students, Suzanne Stroud, Amelia Thrall, and Crystal Weider for their winning entry in the Tenth Congressional District "Discover Early America" Bicentennial Map contest. In addition to a $100. first prize, the map will represent this district in the state-wide competition.

Representative Studds stated, "This well-earned honor is the result of a very effective team effort. I commend everyone involved in this achievement -- from Mr. Kocur and his students -- to the entire Old Rochester Regional School District and its

Early Childhood Advisory

The Tri-Town Early Childhood Advisory Council is planning a meeting for Tuesday, April 9th, beginning at 3:30 p.m. in Room 30 at the Sippican School, Marion. Included on the agenda is the development of a grant proposal to support funding of Project GROW for 91-92 school year.

Project GROW, the local early childhood project currently in its fourth year of operation, has been funded through a combination of state grants and local school support. The advisory council oversees the work of the project which includes the Project GROW pre-school program, screening services for three and four year olds, parent and early childhood professional resources, and efforts to link the network of early childhood providers. Advisory Council meetings serve as a forum for issues of our community's young children and their families.

PETER AND THE WOLF

The children at Carolyn's Kinder Korner, Rochester were introduced to the music and story of Peter and the Wolf. Each character in the story is represented by a different musical instrument. The children took turns acting out the story by holding puppets, representing each character, and moving to the music as the story was told. The favorite characters were the Wolf, orchestrated by the French Horn, and the Hunters by the Kettle Drums. The children visited the Rochester Memorial School to see students play real instruments. The children recognized the Flute, the Bird, the Violin, Peter, and the Clarinet, the Cat, some of the characters in the story.

We would like to thank Marianne Olen and Judy Stoltenberg for putting together and presenting this special musical experience for the children.

We would also like to thank the following students for playing their instruments for us: Flute, Gretchen Vandal; Baritone Horn, Doug Cavanaugh; Violin, Sarah Stoltenberg; Clarinet, Tracie Costa; Trombone, Bryce McGlaughlin; Trumpet, Chris Costa; Saxophone, Keith Sivera; and Judy Stoltenberg for playing the Theme from Peter and the Wolf on the Cello.

Congratulations

TO THE PARENTS OF CAST & CREW OF MAN OF LA MANCHA

I was fortunate to watch your young people pull together in heart and soul to entertain us with pride followed by tears of parting at the final performance.

Sharing some of the late hours before opening night, feeling their adrenalin and anticipation - aware of the sacrifice of free time, real food, and sleep without complaint was incredible.

The aims to please their mentors - Chris, Eric, Paul and Irina came without discipline - merely desire from within.

In a world of such stress and insecurity we wonder if raising good kids is an Impossible dream. Give your self a smile

COSMETOLOGY

Dedication and determination were the key motivators for the Old Colony Cosmetology senior class as they opened their shop on three weekend dates to raise money to attend the 74th annual International Beauty Show - Your Total Show held March 12th in New York City. The students volunteered their time and hairdressing expertise to raise money for transportation and admission to the show. The three Hair Fairs were the brainchild of cosmetology instructor Rita Bretto. The fundraisers were so successful that after expenses were paid, each of the 18 students who attended the Beauty Show were allocated spending money.

On March 12th Old Colony Cosmetology instructors Rita Bretto and Rose Fontes, 16 seniors, advisory board members, parents, aunts and graduates boarded a bus headed to the Jacob Javitz Convention Center in New York City for the 74th Annual International Beauty Show. The show proved to be electrifying, educational and motivational for everyone who attended. Guest artists from the U.S.A., Poland, Italy and for the first time, Russia, displayed their hair styling and fashion artistic talents.

eye talk
Q. I'm 71 and my eyes are dry and itchy. What can be done about this?
A. Dry eyes are a common complaint as we grow older. The usual cause is a malfunctioning of the tear glands.
Other possible causes include certain diseases; vitamin A deficiency; some drugs such as diuretics used in the control of high blood pressure and heart conditions; or an extremely dry environment.
Symptoms include a scratchy, sandy feeling; itching; burning, mucus secretion; light sensitivity; redness; pain; and sometimes difficulty in moving the eyelids.
If you are experiencing any of these, seek professional help. Bring symptoms to your optometrist's attention before the examination begins so that needed tests can be provided.
If the underlying cause of your dry eyes cannot be corrected, your optometrist may recommend using a liquid tear substitute to bring relief.

fessional (C.S.P.) award designation. His presentations are a collection of researched principles and personal experiences that explain what works, what doesn't, and why.

Students also listened to John W. Alson, III who is a motivational humorist who challenges and educates. John Alson is an experienced teacher, administrator, and counselor. He speaks to adults and teenagers with equal effectiveness, sensitivity, and style. His ability to combine motivation, content, and humor with profound impact...makes him one of America's most stimulating and entertaining professional speakers.

Old Colony students Keith Jodoin and Jason Casmira conducted a workshop entitled "Say What". This workshop was designed to help increase verbal communication skills, listening skills, and public relations. Beverly Connor conducted a workshop entitled "Senior Send Off". In this workshop ideas were discussed on things to leave their council with for the future.

Old Colony received a plaque for being recognized as an honor council in the state of Massachusetts. Old Colony was one of only four high schools awarded this plaque. The honor council award is presented to those schools whose council programs are among the very best in our state and whose program could and should serve as a model for other student councils to follow. Plaques were presented in the following categories: Honor Council, Medalist, and Honorable Mention.

Old Colony received this award out of 80 high schools that attended the convention. The student council members who attended returned with a more positive outlook on life as well as improved school spirit. They were able to attend this convention through the support of the Old Colony School District. Old Colony was also recognized as a five star council which was designed to honor those Student Councils who support all phases of the MASC program. The council also received a plaque for conducting one of the ten top projects in the state. The project entry was a canned goods drive for needy families.

at home on the classical concert stage or on the jazz nightclub stand, Mr. Shearing is recognized for inventive, orchestrated jazz with a quintet, trio, duo, full orchestra or in solo performances. He is also a composer with more than 100 compositions to his credit, including his famous "Lullaby of Birdland", which has become a jazz standard.

Joe Williams, a versatile performer, is equally comfortable with a soulful, romantic ballad or a swinging, up-tempo rhythm song. The blues, however, are his forte. In 1954 he had his first big break when Count Basie asked Mr. Williams to sing with his band. The years that followed with the Basie Band included many hit songs for Mr. Williams such as "Every Day (I Have the Blues)", "Teach Me Tonight", "The Comeback and Roll 'Em Pete" and "Alright, OK, You Win". After six years with the Basie Band he left to become a solo performer again.
